

EMPLOYEE HEALTH PLAN BENEFIT OVERVIEW HEALTHY SELECT PLAN

Effective January 1, 2027

This is not a contract. This Benefit Overview is a brief outline of coverage and does not reflect each and every benefit, exclusion and limitation which may apply to the coverage. For more details, important limitations, and exclusions, please review the MaineHealth Healthy Select Summary Plan Document and Summary of Benefit Coverage.

Benefit	Preferred and Participating Providers
IMPORTANT INFORMATION	To receive benefits for covered services, the services must be provided or authorized by your Primary Care Physician (PCP) unless otherwise stated. Benefits are paid based on the Plan maximum allowance. With the exception of Behavioral Health services, your MaineHealth plan uses Aetna's Healthy Select Network. Some providers fall into the Preferred tier which often means lower cost shares to the member. Please see page 7 for Network details. Services with Out-of-Network providers are not covered unless prior authorization is approved by the Plan in advance of services rendered, except in emergency situations. <i>Note: Out-of-Network emergency care must be received in an Emergency Room to be eligible for benefits, and your PCP must be contacted within 48 hours.</i>
PRE-CERTIFICATION REQUIREMENTS	All scheduled inpatient admissions (except planned cesareans), require pre-admission authorization (also known as pre-certification) by the admitting provider. Your provider should call 1-888-632-3862 to pre-certify your admission. In an emergency, seek care immediately. You or someone you designate should call us within 48 hours after admission. For pregnancy and childbirth admissions, you, or someone you designate must call if the hospital stay is longer than 72 hours for a normal vaginal delivery or longer than 120 hours for a cesarean section. Behavioral Health (Mental Health & Substance Use Disorder) All Inpatient, Residential, Partial Hospitalization Program and TMS services require pre-certification through Behavioral Health Care Program (BHCP). You must call BHCP at 1-800-538-9698 prior to any such treatment. Office visits with your PCP or a BHCP network provider do not need to be pre-certified. To view BHCP network providers, go to www.bhcp.org. In an emergency, you should seek care immediately and you or someone you designate should call BHCP within 48 hours. BHCP will be responsible for authorizing ongoing care.
COST SHARE	The cost share amount listed in this overview represents the cost share the member will pay.
